AMERICAN SQUARE DANCE BEGINNERS' CLASS

by Tsukuba Square Dance Club

Tsukuba Square Dance Club offers an American Square Dance beginners' class from March to July.

Square dancing is a lot of fun, involving both rhythmic movements and a bit of puzzle-like brain work. It was originally an American folk dance, but in the last 50 years it has been considerably altered to its modern form, which is now quite popular all over Japan, as well as in the U.S., Canada, Europe, and Australia.

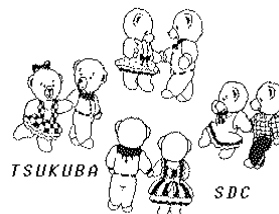

Come on and join the class!!

TAKEZONO, TSUKUBA

If you "can't dance," don't worry. If you can walk, you can probably square dance "well enough for all practical purposes." A sense of rhythm helps, but isn't absolutely necessary.

During the class you will learn all of the steps or movements of the "Basic" Program. If you come to a majority of the classes and learn the steps, you will get an official graduation certificate in July!!
